

ZERO CALORIE FUNDRAISER

with sneakers4funds
A Fund2Orgs Brand

Raise awareness and discover a creative stream of income for your running club with Sneakers4Funds.

Collect gently worn, used and new athletic shoes from your members and the community and raise money for your programs.

Sneakers4Funds provides, with no out-of-pocket costs:

- The athletic shoe collection materials, including planners, bags and rubber bands.
- Digital marketing and promotional materials, including a press release, newsletter, email copy, etc.
- You will raise awareness for your running club with your members and in your community.

All athletic shoes collected will be used in developing nations to support work opportunities for micro-entrepreneurs (small business owners). In developing countries fewer than 15% of the populations have access to an automobile. In other words, the primary mode of transportation for millions are their feet, and their athletic shoes.

Zero Calorie Fundraising in Four Easy Steps!

1 	2 	3 	4 
Engage your supporters to collect their gently worn, used and new athletic shoes.	Collect the sneakers from your supporters. We supply the bags and rubber bands!	When the athletic shoe drive is over, simply call us and we'll pick up the bags.	Sneakers4Funds will send you a check based on the total weight of sneakers collected!
